hefty school lunches, by the soda Team - Glenn's Diner 963 and fountain crowd, and very often by a home-grown theory that a growing gir! requires mountains of nourishment.

> necessary for her. A healthy teen a day, totaling 2,500 calories. Yet it is estimated that many girls W L take in some 2,000 excess calories . 8 0 daily in meals and snacks.

Motter's Store 4: Team No. 3 0. And what a chance for mother to give ber help! By clever man-Individual - R. and J. Motter agement on mother's part, daughter could lose 10 pounds this summer and still be properly nourished. Just how is the trick turned?

First off, concentrate on serv ing big helpings of low-fat foods. For example, at dinner fill the plate with a goodly serving 6 of lean meat, fish or fowl; with substantial-looking vegetables such as whole carrots, quartered cabbage, baked potato, Then add low-cal pickles and salads. That way the meal appears to be and is satisfying.

Secondly, make a point of low cal snacks-fruit, sugarless soft drinks, dieter's candy. You'l find dozens of dodges at market.

Above all, don't make a "thing" of the project. Let the results do Team - Team No. 2 674 and the talking. After losing a few pounds. Miss Teen will not need cajoling to stay with it.

SPORTS DAILEY HURLS TWINS TO WIN **OVER CHICAGO**

By MIKE RATHET It took Bill Dailey 10 years to find a home, but he's finally ar-

rived. Home is the Minnesota bullpen. but as often as not, Dailey's been forced to leave on business. He got the call again Thursday for the 23rd time, pitched scoreless ball for four innings and prserved the Twins' 9-4 triumph over the

second-place Chicago White Sox. Acquired from Cleveland for \$40,000, the right-hander, 28, has turned into one of the American League's top firemen since he altered his stride toward the plate early in the season.

Dailey's sharp relief pitching dropped the White Sox two games back of the first-place New York Yankees, who edged last-place Washington 5-4 on Bobby Richard son's two-run double in the ninth night) inning and ran their winning streak to several games.

Boston added to Detroit's troubles 8-3, with homers by Dick Stuart and Chuck Schilling sending the Tigers down to their 10th straight setback Cleveland rode Max Alvis' grand slam homer to an 11-8 victory over Baltimore Kansas City and the Los Angeles Angels were not scheduled.

Richardson drilled a Jim Coates pitch to right for the runs that made it eight losses in a row for the Senators Coates, 2-4, took the loss with Marshall Bridges, 2-0 the winner in relief. Yogi Berra relinquished his coaching duties for New York, donned his catching gear and hit a two-run homer.

Stuart's 17th nomer, driving in his 43rd run, ignited a five-run Red Sox rally in the fourth inning capped by a two-run double by pitcher Arnold Earley and Schilling's homr. Earley, 3-2, got the victory, while Jim Bunning, 4-7, was tagged with the loss and a \$50 fine by Umpire Hank Soar when he hit Roman Mejias with a pitch atter Schilling connected.

The Indians came from behind with six runs in the seventh inning to beat the Orioles. Jerry Kindall's two-run single tied the scor, then Alvis put it out of reach. Joe Azcue hit two homers for the Indians and Woodie Held chipped in with one Jim Gentile and losing pitcher Dick Hall, 2-2, connected for Baltimore, Jerry Walker, 6-1, was the winner.

THE CHURCH FOR ALL OR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

### HEAR REQUEST FOR TRANSFER AT AIRPORTS

WASHINGTON (AP)—The Civil Aeronautics Board has been told Trans World Airlines is losing \$1.5 million a year on its operations at airports in Williamsport and Scranton-Wilkes-Barre, Pa., and Albany and Binghamton, N.Y.

Joseph M Paul Jr., TWA counsel, quoted that figure Wednesday at a CAB nearing into TWA's request to transfer operating rights to local airlines.

Paul said TWA traffic at the airports involved is not substantial, that excellent connecting service will be continued and that local service already provides most of the flights needed.

URGES APPROVAL

He urged approval of a CAB examiner's Jan. 4 decision recommending rights at the Pennsylvania fields be awarded Allegheny Airlines and rights at the New York fields be transferred to Mo-

hawk Airlines.

Robert Reed Gray, representing Broome County, N.Y., and Luzerne and sackawanna counties in Pennsylvania, said TWA had made no effort to promote business at

the airports.

He said TWA had actually reduced its service to the two Pennsylvania airports and that the loss of TWA operations at Binghamton would mean fewer flights and higher rates.

Allegheny and Mohawk supported Paul's argument. Edward Colodny, Allegheny counsel, said his line carried the bulk of traffic at Williamsport and Wilkes-Barre. He said new flights would be inaugurated that will cut traveltime between Williamsport and Boston and Scranton and Boston.

### RAP PEARSON IN TAX MOVE

OTTAWA (AP) — Prime Minister Lester B Pearson's Liberal government has suspended a controversial tax aimed at U.S. investors and got scathing criticism for announcing the move while stock markets were still open.

Stock prices on Canadian exchanges spurted Wednesday shortly before the markets closed when Finance Minister Walter Gordon, under pressure from the financial community, announced suspension of a 30 per cent takeover tax designed to discourage American investors from gaining control of Canadian firms.

George Nowland, finance minister in the former Conservative government, accused Gordon of "stupid procedures" in timing the announcement.

announcement.

Nowlan previously had introduced a motion of no confidence
in the House of Commons attacking the budget Gordon introduced
last week, including the takeover

There was speculation that the opposition would move to force Gordon's resignation.

Ever notice how it is with some families? They always seem to have the money to go off on the most exciting vacation trips, buy and furnish the nicest homes, give their children the best educations.

Often the answer is not to be found in the size of their income, but in what they do with it! By systematically saving part of it, they manage to have "what it takes" to enjoy the best things of life. If they save here (as many do) the seeming luxuries become realities with their systematic saving.

### HEAR REQUEST FOR TRANSFER AT AIRPORTS

WASHINGTON (AP —The Civil Aeronautics Board has been told Trans World Airlines is losing \$1.5 million a year on its operations at airports in Wilhamsport and Scranton-Wilkes-Barre, Pa., and Albany and Binghamton N.Y.

Joseph M Paul Jr., TWA counsel, quoted that figure Wednesday at a CAB nearing into TWA's request to ir, nsfer operating rights to local airlines.

Paul said TWA iraffic at the airports involved not substantial, that excellent connecting service will be continued and that local service already provides most of the flights needed.

URGES APPROVAL

He urged approval of a CAB examiner's Jan 4 decision recommending rights at the Pennsylvania fields be awarded Allegheny Airlines and rights at the New York fields be transferred to Mohawk Airlines.

Robert Reed Gray, representing Broome County N.Y, and Luzerne and sackawanna counties in Pennsylvania, said TWA had made no effort to promote pusiness at the airports

He said TWA had actually reduced its service to the two Pennsylvania aurports and that the loss of TWA operations at Brighamton would mean fewer flights and higher rates

Allegheny and Mohawk supported Paul's argument Edward Colodny Allegheny counsel said his line carried the bulk of traffic at Williamsport and Wilkes-Barre He said new flights would be inaugurated that will cut traveltime between Williamsport and Boston and Scranton and Boston.

### RAP PEARSON IN TAX MOVE

OTTAWA AP — Prime Minister Lester B Pearson's Liberal government has suspended a controversial tax aimed at U.S. investors and got scathing criticism for announcing the move while stock markets were still open.

Stock prices on Canadian exchanges spurted Wednesday shortly before the markets closed when Finance Minister Walter Gordon, under pressure from the financial community, announced suspension of a 30 per cent takeover tax designed to discourage American investors from gaining control of Canadian firms.

George Nowland, finance minister in the former Conservative government accused Gordon of "stupid procedures" in timing the announcement

Nowlan previously had introduced a motion of no confidence in the House of Commons attacking the budget Gordon introduced last week, including the takeover

There was speculation that the opposition would move to force Gordon's resignation.

and get lost...

Chevy II Wagons - The heft of a suitcase. The rustle of a road map. There's something about one of these spruce, surprisingly spacious wagons that can turn even the routine preparations into a happy part of your trip.

Take that old bugaboo of packing,
for instance. No bother. With the kind

of room you get in that easy-loading cargo compartment, you can just about toss things in any old whichway and come out with space to spare. The load won't dampen the spirits of the spunky 6-cylinder engine either. It just hums along passing up gas pumps (there's also a choice of an even thriftier 4 in most

AT YOUR CHEVROLET DEALER'S

models) like it didn't have a care in the world. Fact is, it has far fewer cares than most engines—being built with the special knack Chevrolet engineers have for dependability and ease of maintenance.

Like a car with ginger—without a lot of needless gingerbread? Your dealer's got a full line of Chevy II's to pick from. Why not drop down and the traveling while both the trading and the traveling are especially good? And maybe it'd be a good idea to leave a note for the milkman on the way out, just in case you happen to get lost some place before you get back.

> If you've ever taken a child to the seashore, you know what that first glimpse of the ocean can mean to a youngster . . . the lure of fascination . . . the foreboding of fear. Which will win the struggle?

> But what a delight when hesitation ends and Jeannie finds her happy beachhead down where the waves

wane, and the tide seeks its rest. And if you've ever taken a child to Sunday School, you know what that first glimpse of strange surround-

ings can mean. But, even if there are misgivings that first Sunday, Jeannie soon finds her happy beachhead. And one day she'll plunge bravely and confidently into deeper reaches of the vast spiritual ocean that surrounds life. Anything as vital as religious education deserves an early and earnest beginning.

### THE CHURCH FOR ALL • ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Chevy II Wagons— The heft of a suitcase. The rustle of a road map. There's something about one of these spruce, surprisingly spacious wagons that can turn even the routine preparations into 2 happy part of your trip.
Take that old bugaboo of packing,

for instance. No bother. With the kind of room you get in that easy-loading cargo compartment, you can just about toss things in any old whichway and come out with space to spare. The load won't dampen the spirits of the spunky 6-cylinder engine either. It just hums along passing up gas pumps (there's also a choice of an even thriftier 4 in most

models) like it didn't have a care in the world. Fact is, it has far fewer cares than most engines - being built with the special knack Chevrolet engineers have for dependability and ease of maintenance.

Like a car with ginger—without a lot of needless gingerbread? Your dealer's got a full line of Chevy II's to pick from. Why not drop down and check now while both the trading and the traveling are especially good? And maybe it'd be a good idea to leave a note for the milkman on the way out, just in case you happen to get lost some place before you get back.

## Really—Gas cools homes, too?

Surprised? Why? That clean, dependance, thrifty Gas flame does such an efficient job of heating . . . of course it's ideal for cooling, too! And the best part of all is that a single Gas Air Conditioning unit will heat your home in winter, cool it in summer. Just a twist of the dial and you have any temperature you want, any month of the year, in every room of your house!

TOr, if you already have a forced air Gas heating system in your home, you can convert it to air conditioning just by adding a Gas cooling unit. It's easy to install. And remember, because a thrifty Gas flame does both the heating and cooling jobs, your operating costs stay low. Call your Gas Company soon for full information and a free estimate.

Ever notice how it is with some families? They always seem to have the money to go off on the most exciting vacation trips, buy and furnish the nicest homes, give their children the best educations.

Often the answer is not to be found in the size of their income, but in what they do with it! By systematically saving part of it, they manage to have "what it takes" to enjoy the best things of life. If they save here (as many do) the seeming luxuries become realities with their systematic saving.

Press photographer Lucien Coudoux spent 24 hours in Attopeu which is threatened by Pathet Lao forces. Here is his report.

### By LUCIEN COUDOUX ATTOPEU Laos (AP) - Pro-

Communist Pathet Lao troops continued their harassment during the past 24 hours of this rightwing southern stronghold town only 25 miles from the South Vietnamese border.

Mortar and machine-gun fire was heard during most of Wednesday night.

Officials said a right-wing company clashed with Pathet Lao troops nine miles north of the town. During the night a Pathet Lao patrol managed to slip to within three miles of the town and opened automatic fire against an outpost.

Since the initial unsuccessful Pathet Lao attack a week ago against one of the town's positions, pro-Communist forces have continued their harassment and are probing Attopeu's defenses.

The commander of the Attopeu garrison, Col. Khong, said so far right-wing casualties totaled 13 killed, 3 wounded and 16 missing while the Pathet Lao lost 43 killed.

Khong said the eventual aim of the Pathet Lao is to control the Sekong River Valley which stretches from here up to the Vietnamese frontier. This would give the Pathet Lao complete and uncontrolled access to South Viet
